FIVE ARRESTS IN LAWRENCE LAST NIGHT

Girl Included in Number Taken By Police in Disturbance

(By Associated Press)
Lawrence, Mass., Feb. 7.—Five men and a girl were arrested for minor disturbances in connection with picketing about the time the mill gates opened today. Otherwise the textile strike situation remained entirely quiet, on the surface at least. The great plant of the American Woolen Co. and the Arlington, Pacific and Ussow mills continued in operation but only in part. With one exception all the arrests today were in the tenement section of the Arlington district. Intimidation was the charge against most of those arrested. Where men or women picketers were seen to hold up workers bound for the mills, the police quickly broke up the groups from the windows of houses near the mills. In one instance a stone was aimed directly at a policeman but missed its mark. A systematic search of the district in which Blagie Ventino, a striker, was fatally shot early today, was begun by the police at day-break. It was not believed that the unknown assailant could have escaped through the cordon of guards and police thrown around the district directly after the shooting. Ventino was fired upon twice while passing an alleyway near the junction of Newbury and Common streets on his way home from a meeting of strikers. He had been employed at the Washington Mill and relatives told the police that he was opposed to the strike but feared to return to work after the strike was called. He leaves a wife and seven children.

STRIKE IN SEATTLE TIES UP CITY

(By Associated Press)
Seattle, Wash., Feb. 7.—With complete industrial and commercial paralysis threatened by the general strike of craftsmen in support of the wage demands by shipyard metal workers, Seattle municipal officials and business men cast about today for some means of relieving the situation. Troops from Camp Lewis were ready to act in event of disorders. A summary of the situation showed that newspapers had suspended publication, theatres and schools closed, street cars ceased operating and restaurants shut down. Soup kitchens have been established for the benefit of the strikers. At Tacoma the situation was reported improved. Only a few unions went on strike.

11 ARTICLES RATIFIED FOR NEW SOCIETY

(By Associated Press)
Paris, Feb. 7.—Substantially one-half of the draft of the constitution for the society of nations has been covered by the chief conference commission dealing with this question. It was officially announced today. In approving a number of additional articles of the draft, the commission reached an accord. It is stated, on certain questions of the greatest importance concerning the positive functions of the league. Eleven articles were approved, with small modifications by the peace conference commission last night, President Wilson presiding.

The only article not approved was the paragraph concerning abolition of compulsory military service unless required by reasons of national defense under extraordinary circumstances. Premier Orlando of Italy opposed the paragraph, remarking that if conscription once was abolished, an attempt to revive it might lead to serious trouble and even to revolution. Leon Bourgeois, one of the French members, supported Premier Orlando. Another article which caused animated discussion was that concerning the method of applying military coercion to the countries refusing to comply with the decision of the society of nations or breaking its rules. After the conflicting views expressed it was decided to postpone a definite decision until another time. The commission will meet again tomorrow.

ANNOUNCEMENT

Readjustment of prices has taken place on some lines of dry goods. As time goes on, and raw cotton and wool and flax decrease in price, we may expect other changes will be made, until a normal condition is again reached.

We assure the public that we are meeting these changes as they occur, and will continue to do so.

Lower prices will be the rule with us as often as a drop occurs.

URGES MILITARY READINESS IN AIR

New York, Feb. 7.—A powerful military air force for America, both as a commercial necessity and as a preparedness measure, was urged by Capt. Eddie Rickenbacker, America's premier ace, at a luncheon in his honor at the Aldine Club Thursday.

Capt. Rickenbacker deplored the tendency of some Americans to regard the usefulness of the air force as practically gone, now that the war was over, and asserted that, in the power of that air force, lay the strength of America.

"The development of the airplane must become part of our preparedness program," he declared. "I believe in preparedness. The League of Nations is a very fine thing, but I believe that as long as you have Nations you will have wars, and it is our duty to be ready."

Capt. Rickenbacker then dwelt on the commercial aspect of aeroplanics, and predicted that regular trips in the air soon would be taken from New York to London and Paris. He said the development of the automobile industry was immensely aided in the perfection of the airplane. "I know, from experience as a racer, that the two industries are closely akin," he said.

Capt. Rickenbacker then casually mentioned that he would buy himself a horse guaranteed to trot at the maximum of five miles an hour.

WILSON UNDECIDED ON BOSTON VISIT

Although Mayor Peters of Boston has received from President Wilson an answer to the mayor's invitation to re-enter the United States through the port of Boston when he returns from Europe, the mayor is still uncertain regarding the President's intention toward the invitation.

The President's letter, although quite as noncommittal as the edictogram that reached the mayor two weeks ago, was marked "personal," and the mayor decided not to give the letter out for publication pending a telephone talk with Sec. Tumulty at Washington.

Mr. Peters is uncertain whether the "personal" mark imposed upon him an obligation to treat the letter as confidential.

Even though the letter indicated that the President's plan regarding acceptance or rejection of the invitation is not yet settled, Mr. Peters said his hope grows that the President will accept.

PREDICT BIG LABOR SHORTAGE IN SPRING

Washington, Feb. 7.—Fears of long continued unemployment were discounted yesterday in a statement by the Training Service of the Department of Labor, which predicted that when the agricultural and industrial concerns get under way in the spring there will be a shortage of several millions of men.

Manufacturers were urged to begin at once a training program to increase the efficiency of the help they now have in anticipation of the shortage to come later.

The statement said the practical cessation of immigration in the last year years had caused a loss of 2,500,000 new inhabitants, and that probably 1,000,000 American workers would be under arms in France for many months.

Estimating that farms in the spring would need 2,000,000 workers and that factories and building operations would require large numbers, officials said there soon would be keen competition between factories and farmers for unskilled labor.

Similar views were expressed yesterday before the House Appropriations Committee by Asst. Sec. Post and John H. Deane, Director General of the Federal Employment Service during the next fiscal year and a deficiency appropriation of \$2,500,000 for this year.

The officials said the increasing labor surplus in large industrial centers shown by reports to the Department of Labor, was not regarded as presenting a serious situation, as quick industrial adjustment was expected throughout the country and there then would be ample work for all. They gave no estimate of the present number of unemployed.

The regular mid week prayer meeting will be held this evening at the Government Street Methodist church. The monthly business meeting of the official board will be held after the meeting.

Mrs. J. H. Paul of Stinson street, who has been restricted to the house by a severe cold the past ten days, is able to go out.

Mrs. Lydia J. Magraw.

The funeral of Mrs. Lydia J. Magraw was held from her home on Bennett street Thursday afternoon at two o'clock.

Rev. I. P. Barnes officiating. Interment was in the family lot in the Sagamore cemetery under the direction of A. J. Trotter.

Miss Gertrude M. Holland

The last sad rites over the remains of Miss Gertrude M. Holland were held Thursday afternoon at two o'clock at the home of her parents, Mr. and Mrs. Dennis J. Holland, 220 Cass street, and were attended by many relatives and friends of the young woman.

Rev. Charles LaV. Brine, rector of Christ church, officiated. Mrs. May Whittier Priest touchingly rendered the beautiful and fitting selections "Face to Face" and "Lead, Kindly Light."

The remains reposed in a grey broadcloth covered casket, which was almost hidden with beautiful floral tributes, while all about the room were whole flowers, giving evidence of the loving regard in which the young woman was held by her friends.

Among the floral tributes were many set pieces, these including a beautiful standing piece from her co-workers in the office of the Atlantic Corporation, and another from the Portsmouth High School class of '19 of which she was a member.

The bearers were Harold Marston, Chauncey Haddock, Thomas Wagon and William Gardner. The remains were placed in the receiving tomb. J. Verne Wood had charge of the funeral arrangements.

Throughout her illness Miss Holland showed the same kindly spirit and thought of others. She had been eagerly anticipating the return from France of her brother, William J. Holland, who is with the famous 26th Division, 103rd regiment, which has won honors for its bravery. When she knew that perhaps she would not recover she told her mother to break the news as gently as possible to the much loved brother. Two letters from William to his sister came from France after her condition became critical and she was unable to read their contents.

Much interest is being taken locally by children and sailors here in the new organization.

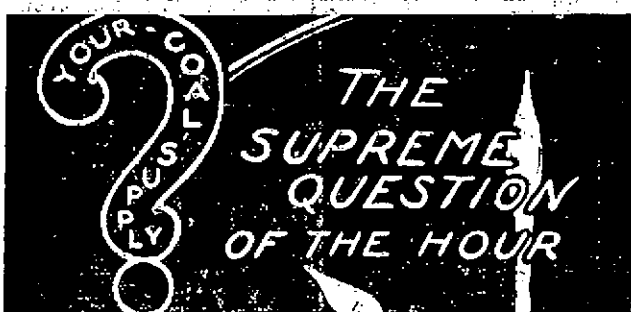

Demanded The Herald every night

"Mother and Her Pets Love Candy Cascarets"

Careful mothers know that Cascarets in the home means less sickness, less trouble, less worry, less cost. When one of the kiddies has a white tongue, tainted breath, sour stomach or a cold, a Cascaret quickly and harmlessly works the poisons from the liver and bowels and all is well again.

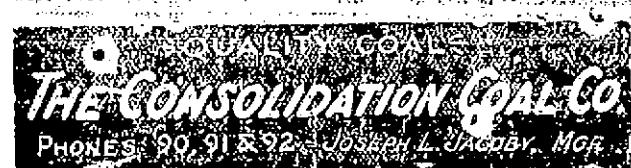

TO MOTHERS! While all children detest castor oil, calomel, pills and laxatives, they really love to take Cascarets because they taste like candy. Cascarets work the nasty bile, sour fermentations and constipation poison from the child's tender stomach, liver and bowels without pain or griping. Cascarets never disappoint the worried mother. Each 10 cent box of Cascarets contains directions for children aged one year old and upwards as well as for adults.

With the advent of real cold weather it is a question which it is unwise to ignore.

EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, as one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Weyl's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Weyl's Sage and Sulphur Compound and look years younger.

FRENCH TRAIN BURNS—HUNS SUSPECTED

(By Associated Press)
Seattle, Feb. 6.—Federal troops from Camp Lewis, are quartered in Seattle and Tacoma to stand ready to prevent disorder from the general strike. They are armed with hand grenades. The strike of 25,000 Union men today to help the 25,000 ship yard workers who have struck for more pay, have completely closed the city.

There are 800 troops in Seattle and two battalions with a machine gun company in Tacoma and they are ready if the strikers should start disorder.

Authority for the use of the Federal troops was issued by Secretary Baker who said tonight that the government was obliged to give assistance of federal troops if the chief executive of a state called for them.

Tonight the street cars are stopped, schools closed and newspapers suspended, while twelve soup kitchens have been opened by the strikers.

STRIKERS RESENT POLICE ACTIVITIES

Lawrence, Feb. 6.—Several thousand textile workers gathered today on the Common and listened to speakers who urged them to remain firm in their demand for a 48-hour week with 54 hours pay.

James Beanehall, Chairman of the strike committee charged that the Lawrence police were worse than the Russian Cossacks and charged them with trying to incite disorder.

The General committee decided to demand an increase of ten per cent for boys and girls between the ages of 16 and 18 who are only able to work eight hours a day.

Several mills closed today and others were running with only a few workers.

Mayor Hurley today requested 150 of the prominent of the city to meet with him on Tuesday night and go over the situation.

GOOD FIELD OF TRAP SHOOTERS EXPECTED

There are every indications that the trap shoot at the Country Club on Saturday will have a good sized field for this time of the year. The weather will of course enter into the success of the meet, but a continuation of this weather will mean a good shoot. This shoot is in the nature of a test of the interest in the sport to see whether the club will take it up seriously, in conjunction with its other activities.

AN ENGAGEMENT IN NAVAL CIRCLES

Captain and Mrs. William R. Rush of Boston, announce the engagement of their daughter, Catherine to Lieut-

enant James Jackson Cabot, Aero Squadron 188, United States Army, son of Lieutenant Geoffrey Lowell Cabot, United States Navy, Aviation Corps, and Miss Marie B. Moore. The Cabot family home is at 10 Highland St., Cambridge.

Miss Rush, who was formally presented to society several seasons ago, has been exceedingly popular in the younger set since coming to Boston with her parents, when Captain Rush became commandant of the Navy Yard in Charlestown. She is an intimate friend of her fiancé's only sister, Miss Eleanor Cabot, a member of the Vincent Club.

U. S. TROOPS ON GUARD AT SEATTLE

(By Associated Press)

Paris, Feb. 6.—Two railroad coaches delivered to France by Germany figured in a puzzling railroad accident on the Paris-Metz railroad tonight, in which five persons were killed and 16 injured.

A train from Paris to Metz had just entered the tunnel at Nantou when passengers occupying the two coaches turned over by Germany, began to experience trouble in breathing, abnormal gasping began to fill the coaches and the passengers broke the windows to get out. As soon as the air entered the car it burst into flames and the passengers fled out into the tunnel.

A train coming the other way in the tunnel ran into the crowd killing five and injuring many. The injured were treated at the hospital at Chateau-Thierry and eight are suffering from gas poisoning.

Officials of the road say that the fire or the gas were not due to any defect in the heating or lighting of the cars and are unable to explain. Both coaches were consumed.

COLD GONE! HEAD AND NOSE CLEAR

First dose of "Pape's Cold Compound" relieves all gripe misery.

Don't stay stuffed-up! Quit blowing and sniffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe, misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

REVENUE BILL LEVIES SIZEABLE TAX ON SALARIES

Washington, Feb. 6.—The world's greatest revenue bill hits every man with a living salary.

The married man drawing \$3000 a year will pay a \$50 income tax unless he has children. The single man with the same income will have to donate \$120 to Uncle Sam.

At \$4000 the rate jumps to 12 per cent, and the surtaxes begin to pile on at \$5000, until they reach 65 per cent on incomes over \$1,000,000.

No extension of time for filing tax returns under the new revenue will be allowed, Secretary Chase announced. The first installment of taxes and returns on all taxes must be in the hands of the treasury by March 15.

MEMORIAL SERVICE TO COL. ROOSEVELT

In accordance with the request of President Wilson a memorial service for the late Col. Theodore Roosevelt will be held at the United Church on Sunday at 10.30. A detachment of soldiers and sailors will be present and a suitable musical program arranged. The Rev. H. C. Lee, V. M., will deliver the eulogy.

A Little Bit Out of the Way BUT IT PAYS TO WALK

Never in the history of Portsmouth have you had the opportunity to purchase the very finest footwear at such appreciable savings. Quality and economy combine to make these values extremely attractive to the careful buyer. There is no probability of the lowering of shoe prices for the next six months. There is a shortage of imported calfskin and kid, due to a 50 per cent falling off of imports in 1918. The world's supply has been greatly depleted by the war.

In view of these facts we ask you to wait for the

Portsmouth, N. H., Friday, February 7, 1919.

Time to Help and Boost.

Portsmouth wants that new memorial bridge and it also wants to see the future of the Navy Yard taken care of, and also every effort made to enlarge and improve the Atlantic Ship Yard. This is no time to play—it is the time for every citizen to put his shoulder to the wheel. It is no time to play politics, throw mud or stir up ill-feelings in the community. Portsmouth should not be dragged into the gutter or be used as a door mat. We have thousands of new people and they came because they felt the future here looked bright and it is up to our people to do everything to keep them here.

It is gratifying to know that the entertainments recently given in this city by a company from the naval prison were a financial as well as an artistic success. A net return of \$1,200 for the Red Cross and \$400 for the Welfare League of the prison is not to be laughed at.

Crocodiles are in bloom in Rhode Island and caterpillars and other signs of spring have been seen much further north. But the "ground hog" had no trouble in seeing his shadow on Candlemas day, and everybody is supposed to know what that means.

Nat Goodwin was a great actor and a much married man. Notwithstanding the fact that a similar question was asked and answered many centuries ago, it will be difficult for some to refrain from wondering whose husband he will be "over there."

The United Trades and Labor Assembly of Louisville, Ky., is calling on the American Federation of Labor to define its position on national prohibition. Isn't it a little late for this sort of thing?

LOOK OVER THE PROPOSED SITE FOR NEW BRIDGE

Committee Visit Navy Yard and Harbor and Watch Sub Work.

The New Hampshire senate and members of the legislative committee on Public Improvements, arrived here this forenoon for an inspection of the proposed site of the new highway bridge across the river. They were met by Mayor Wilson, F. M. Siso and E. Curtis Matthews of the Chamber of Commerce and first visited the navy yard where they were received by Rear Admiral Bousch, commander of the yard, who extended every courtesy to the delegation.

After a tour of the yard, they made a trip to the lower harbor to the tug Pennacook where they were treated to a sumptuous exhibition of submarine S-3, and were greatly pleased with the sight.

Later they visited the old toll bridge and everybody got a good look at the entire structure and heard the history of this wonder span across the Piscataqua which has caused so much agitation for the past fifty years. The proposed site of the new bridge then received the attention of the delegation who showed much interest in everything connected with their visit. They dined at the Rockingham following the inspection trip.

THE MEMORIAL BRIDGE POPULAR

The Boston Transcript has the following editorially on the idea of a Memorial bridge:

The States of Maine and New Hampshire have hit upon, though they have not yet officially sanctioned a useful form of soldier's memorial. It is a splendid free bridge with which it is proposed to connect the two States over Piscataqua river, between the city of Portsmouth in New Hampshire and the town of Kittery in Maine. After the governor of New Hampshire had notified the governor of Maine that he would recommend to the New Hampshire Legislature the appropriation for the construction of such a bridge, of the same amount of money

as that which the State of Maine should appropriate for the same purpose, a bill was introduced in the Maine Legislature for the appropriation of \$250,000 to build the bridge. Judging from the way in which the proposition is received, it is likely to be adopted by the legislatures of the two States, and the amount of money appropriated will probably be added to the United States Government which wishes to provide better accommodations for its employees at the Portsmouth Navy Yard. According to the bill already introduced in the Maine Legislature, the half of the bridge erected by that State is to be memorial to the Maine soldiers in the great war, and the New Hampshire half will presumably perform the same service for the New Hampshire soldiers.

This is an agreeable and a distinguished type of war memorial, and one which might be adopted with propriety elsewhere. The opportunities for such interstate bridges are many. Massachusetts and her immediate neighbors have no such opportunity. Vermont and New Hampshire have abundant opportunity, but the proposed memorial at Portsmouth will probably forestall one on the other side of the State. New Jersey and Pennsylvania are separated by the Delaware, Maryland and Virginia by the Potomac, South Carolina and Georgia by the Savannah, a dozen States by the Mississippi, and Iowa and Nebraska and Missouri and Kansas by the Missouri, while the Ohio flows between Kentucky on one side and Ohio, Indiana and Illinois on the other. Bridges are not indicated as practicable between all of these, but the interstate bridge memorial may grow in favor. Badly speaking our country is poor in bridges; it has many indeed, but few that are of an unqualifiedly permanent and imposing character. If this idea should take root, it would, while providing many distinguished memorials, serve to increase the public convenience, elevate the public taste, and unite some of our Commonwealths by a new bond of sentiment.

10,000 VAUDEVILLE ACTORS UNEMPLOYED

New York, Feb. 6.—From \$300 to 10,000 of the 20,000 vaudeville actors in the United States are unemployed at present, according to Patrick, Casey, manager of the Vaudeville Manager's Protective Association, who testified today at the Federal Trade Commission inquiry started upon the petition of some of the performers.

"I do not know of any vaudeville actors who are not constantly seeking employment," he said. "This condition has existed in the United States for a great many years."

THE JAKY BILL KEEPS THEM BUSY

Calls for Heavy Fine and Jail Sentence for Illegal Sales.

The House Bill No. 228, better known as the Jaky Bill, by Mr. Vanezy of Rochester, is receiving no small amount of attention in the legislature at Concord.

The committee on liquor laws who are handling the bill will likely make a report on the same within the next two weeks. The bill reads as follows:

Section 1. If any person shall sell Jamaica Ginger except upon the prescription of a physician given in accordance with the provisions of sections 17 and 18 of the Laws of 1917, relating to Intoxicating Liquor, he shall be fined not less than twenty-five nor more than one hundred dollars and also be imprisoned not less than thirty nor more than sixty days; and for any subsequent offense not less than one hundred dollars nor more than two hundred dollars and also be imprisoned not less than two nor more than twelve months.

Sec. 2. This act shall take effect upon its passage, and all acts and parts of acts inconsistent with this act are hereby repealed.

LETTER FROM OVER THERE

Private J. P. Connor of this city who is a member of the Machine Gun Company, 18th Company, A. B. P., has written an interesting letter from Germany to his mother, Mrs. Catherine Connor of Woodbury avenue, which she recently received.

Private Connor left this city for Camp Devens, Ayer, Mass., in April, and left there for France on July 5. He was in three battles and in the last one when the armistice was signed.

PRIVATE J. P. CONNOR

In a recent letter he writes: "I saw some hard fighting and am glad and happy that it is all over. There was something doing all the time."

The following is his last letter: Germany, Dec. 16, 1918.

My Dear Mother—Just a few lines to say I am well, hoping you and the family are the same. I suppose you wonder why I don't write often but we have been on the go all the time. We marched from Sedan to Coblenz, which is in Germany and we expect to stay around here, so I can write to you often now. We have good quarters here and the German people treat us wonderful. You would be surprised to see the way they treat us. The women call us in the house and give us all kinds of milk. They are glad that the war is over. How is the Spanish influenza making out? You want to take good care of yourself and also of the rest. It hasn't been over here at all and I hope it won't. I see by the papers they are shipping the troops home. I don't know when we are coming but as long as I went through the war I am happy, so you needn't worry about me. I will take good care of myself. Of course, we may be the first to go and then we may be the last, it all depends on how they see fit. I am in the First Division that came to Germany, so that is an honor. Tell Cui not to send any more papers it takes too long to reach here. I don't need anything, so don't send me any parcels as it is not allowed. Tell Ned that to tell George I received his letter and will answer when I get a chance. I hope he gets his cigarettes back as I am sure he has. Give my regards to all the rest of the family. With you and everyone a happy New Year.

Your son,
 PVT. J. P. CONNOR.

Joseph Curtis Barrett Philbrick was born in Rye and is the second son of the late Lester W. Philbrick and Frances Livermore Barrett, and stepson of Chief Storekeeper George W. East of the U. S. S. Leontine. He is a grandson of J. Curtis Philbrick

and a nephew of Lieut. Comdr. Manning H. Philbrick, U. S. N.

He enlisted in the U. S. Navy Feb. 1, 1917, and was assigned to the U. S. S. Leontine, and later to the U. S. S. Wisconsin. For the last 16 months he has been on the U. S. S. Wyoming doing foreign service. He has served 16 months on the U. S. S. Wyoming, much of this time in the North

 Capt. A. S. Marshall of the U. S. S. Baltimore which makes Portsmouth her home port was heartily cheered by the crew on Thursday when he left the ship. He has been detached from the vessel, after being in command two years and a half, and assigned to temporary duty at Ordnance Bureau in Washington. The Baltimore was the first American warship to lay mines in the North Sea.

MARCH 15 LAST DAY FOR INCOME RETURNS

Washington, Feb. 6.—No extension of the time for filing income and profits returns beyond March 15 will be made by the Treasury, Secretary Glass announces.

"This means that individuals and business interests will have to make great haste in preparing and filing their returns, since forms for the reports will not be available for two or three weeks. The first installment payment of 25 per cent will be due March 15."

If any business interests are not able to prepare final returns by March 15, they may report approximate figures on income or profits and later file a supplementary report. They also may begin immediately to make the necessary calculations in light of the revenue bill as reported.

HOSPITALS MUST DO LAUNDRY

Washington, Feb. 7.—Under orders issued by the Surgeon General all laundry work for patients in army hospitals in this country or in France must be taken care of by the hospital authorities. There have been vigorous protests against requiring trained men to do their own washing.

BRADLEY GETS A PROMOTION

Now Ranks as Ensign and
Heads Investigation Bureau.

Bernard B. Bradley of Dorchester, who since Oct. 15, 1912, has acted as a representative of the department of justice at the navy yard and later assigned as a chief petty officer in the Naval Intelligence department with headquarters in the commandant's office at the local navy yard, has been

promoted to the rank of ensign and transferred to Boston where he will act as head of the Bureau of Investigation of Naval Intelligence, First Naval District.

Ensign Bradley has established a most excellent record while attached to the Portsmouth navy yard where many important cases were brought to the attention of the department of justice through his efforts. He was a most conscientious worker and his promotion was well deserved. He will be succeeded by Herbert McClure, who has been stationed at Rockland, Me., since the war.

HEAR ALL ABOUT JAKE AND OTHER KILLING DRINKS

Lively Hearing on Lane Bill
for Light Beers and
Wines.

One hundred or more people were present at the meeting held by the liquor laws committee at Concord on Thursday when a hearing was given on House Bill No. 171, introduced by Mr. Lane of Berlin, to allow the sale of light wines and beers in the state. Rev. Mr. Lewis, father of the Lewis 50th, Rev. Mr. Robbins of the Anti-Saloon League, Representative Blue of Conway appeared as opposition to the bill.

Representatives Winn of Nashua, ex-Alderman Barry, Representatives Connor, Sullivan, Conway, Van Vleet of Manchester, Lane of Berlin and Kane of Portsmouth appeared in behalf of the bill. During the hearing it is certain that Mr. Lewis heard everything that has developed since his bill became a law on May 1, 1912 in the way of poisonous drinks which are indulged in by the people who in the past were satisfied with a drink of light beer. Mr. Kane of Portsmouth gave the committee and the spectators the astonishing conditions which exist in this city. During his address he told of the visit of the Rev. Mr. Robbins to Portsmouth and what he found at the police headquarters in the way of concoctions or substitute drinks since Mr. Lewis put New Hampshire on the dry map. Mr. Robbins stated that he made the Portsmouth visit and looked over the "hardware" in the police headquarters.

Those present enjoyed a laugh when Mr. Robbins interrupted Mr. Kane by saying that he did not make a test of any of the Jakey or other drinks which the Portsmouth police have in cold storage.

"You are following the safety first slogan and that's why you are alive today," was the Portsmouth representative's reply, and Mr. Robbins helped out in the smiles with the others. Barry of Manchester predicted a period of unrest among the laboring people unless something was produced, as a beverage for them and pleaded in

behalf of the folks for a light beer. Mr. Connor put the question of sending the law to Europe from this country for brewing purposes and stopping the manufacture of beer in the United States. He directed the question to Mr. Robbins who went into detail and stated that the organization which he represented had worked hard on this very matter to stop the sending of grain to foreign countries for that purpose but without success and that no more could be done as the Anti-Saloon League could not regulate the affairs of the federal government. Mr. Lewis, talking on beer, wanted it understood that he was not against anything in the form of beer. He defied any one to produce a record where he has opposed near beer since his bill was enacted or before that period.

PERSONALS

Miss Alice M. Norton is visiting friends in New York.

Henry S. Everett is passing a few days with friends in Lakeport.

County Treasurer Stewart Rowe of Exeter passed today in this city.

Lester Caswell of the navy yard is visiting his parents, Mr. and Mrs. J. Wallace Caswell of Harrison, Me.

Mrs. Ethel Seavey Hill, yeowoman at the local yard, who has been ill the past two weeks, is now convalescing.

Mrs. P. W. Burford has returned from a two weeks stay in New York with her daughter, Mrs. W. A. Nelson.

Mrs. Guy Amee, who recently underwent a serious operation at the Portsmouth Hospital, is reported to be recovering.

Mrs. Eddie O'Connor has resigned her position on the Information Bureau at the Shattuck yard and has gone with the Atlantic.

Miss Mary Madden recently resigned her position in the shoe-keeping department at the Shattuck yard, because of the sickness of her mother.

Miss Maudie McNeil of Springvale, Me., formerly of this city, is visiting relatives, called here by the death of her niece, Miss Gertrude M. Holland.

Miss Margaret Garrett, who was ill with pneumonia in Springfield, Mass., where she holds a position as a teacher, and later returned to her home in this city, is now improving in health and able to walk out.

Miss Mary Duggan is the new stenographer for Traffic Manager Sterling at the Shattuck. Miss Duggan has only recently returned from Washington where she was employed in a civil service position.

Mrs. Gladys Knox received word on Thursday from Washington stating that her husband, Ensign John P. Knox was injured when the ship on which he was serving, the U. S. S. Narragansett, ran ashore recently.

COLORED SAILORS' DANCE.

A dance for the colored sailors on ships at the yard was given in the annex at Freeman's hall Thursday evening. Many guests were present from surrounding towns, including a large party from Boston. Refreshments were served during the evening and a thoroughly good time was had by all.

PASTOR HALL PROSTRATED IN LAWRENCE

Lawrence, Feb. 7.—Henry H. Hall, nervously and physically a wreck, is prostrated at the home of Arthur Hall, a nephew, at 29 Brookfield street, South Lawrence.

The former preacher, pastor of the Calvin Baptist Church of Wells Depot, Me., acquitted Wednesday night in Saco, Me., on a charge of wife murder, bade farewell to his sweetheart, Grace Gerow, in Saco early Thursday morning and slipped quietly away.

The coroner, Judge George L. Emery of Haddam, had announced that he would return to his home in Haddam, Me. Instead, accompanied by his mother, sister and brothers, he came to this city and as a result that hardly a person knew of it until hours afterwards.

A reception had been planned for Hall in Haddam, but his collapse at the announcement of the verdict in the Maine Supreme Court, followed by his nervous and physical prostration Thursday morning, upset these arrangements and his return to his home has been indefinitely postponed. He will probably remain here until his recovery and report has it that he may within a few days or weeks, marry Grace Gerow.

Hall has received several offers from theatrical managers, but what act or sketch they would have him do they did not say. The preacher refused to discuss such offers—refused to discuss any plans he may have for the future, with reporters who talked with him at Saco and later met him at Lawrence. At the home of his nephew he denied himself to all who called and it was said that he was prostrated—B in bed.

KILONIS SIDESTEPS CYCLONE RESS

John Kilonis who was booked to meet Cyclone Rees here on Monday has sidestepped his match and informed Rees by wire to that effect on Thursday.

Dryden immediately got in touch with Joe Perillo the "Wild Man of Nashua" and he signed up to meet Rees on Monday evening at Freeman's hall. While the fans should have liked to have seen Kilonis in action they have never seen Perillo who has a good reputation and he promises to give Rees plenty of action.

WHAT DO YOU THINK OF THE CAT BILL?

Proponent of Bill Says to License Cats Is Not Joking Matter.

Mr. Flanders of Manchester says there is no reason why cats as well as dogs should not be licensed and if he has good luck with his bill in the legislature, Tabby, Fluffy and Scat will be ornamented with a new collar on and after April 30 and their records filed in City Hall.

This bill at first was passed among the joke bill at Concord and given the laugh. However, so much has been said and proven by the proponent of the measure that it is now receiving more serious attention. Nevertheless it is hardly expected to become a law in the year of 1919 when the inexperienced axe falls. Mr. Flanders' bill is made up as follows:

Section 1. The owner or keeper of a cat which is six months old or over shall annually, on or before the 30th day of April, cause it to be registered, numbered, described and licensed for one year from the first day of May following in the office of the city or town in which said cat is kept. The fee for such license shall be fifty cents for each male cat and one dollar for each female cat.

Section 2. The owner or keeper of cats for sale, exhibition or breeding purposes, may annually receive a license authorizing him to keep any number of cats provided they are maintained within the premises of the owner or keeper. The license fee therefor shall be two dollars.

Section 3. Every cat licensed under section one above shall wear a collar bearing upon a metal plate the number of the license issued for said cat, and the name and address of its owner.

The provisions of sections two, five, six, seven, eight, nine, ten, eleven, twelve and thirteen of chapter 69 of the laws of 1891 relating to dogs, shall apply to cats, except that officers entitled to fees thereunder shall receive fifty cents for each cat killed by them.

Section 4. This act to take effect on its passage.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, shallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

MOVE BY BAKER TO SEIZE CAPE CANAL

Washington, Feb. 7.—Sen. Baker Thursday requested the Attorney General to institute condemnation proceedings against the Cape Cod Canal property.

This action was taken when the owners of the canal refused to accept

an offer of \$5,250,000 by the Government.

Authority to acquire the canal was given under an act of Congress, which left it to the judgment of the Secretary of War, Navy and Commerce to decide when such action would be advisable.

The legislation placed in the hands of Sen. Baker authority to negotiate with the owners and to offer such price as would be determined after the study of the value of the property by the Army Engineer Corps.

Investigation by Army engineers and by accountants, retained by Mr. Baker for the purpose, led to the offer of \$5,250,000. The canal cost \$12,000,000.

SAVE YOUR HAIR! A SMALL BOTTLE STOPS DANDRUFF

Every bit of dandruff disappears and hair stops coming out.

Try this! Your hair appears glossy, abundant, wavy and beautiful.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Dandruff tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Dandruff from any drug store or toilet counter for a few cents, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—now hair—growing all over the scalp.

Dandruff is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

STRATHAM TO HAVE BIG STOCK FARM

Papers have been recorded in the sale of River Side Stock Farm at Stratham, N. H., by Charles W. Whitcomb, to E. A. Baker of Boston, who will conduct the property as a cattle-breeding farm. Mr. Baker has been engaged in the same line in Gainsboro, Vt. and it is his intention to stock his new purchase with 1500 head of Holstein cattle. The new owner will take possession on March 15 and place the farm in charge of E. W. Eastman.

DRAFT BOARD ARRESTED

(By Associated Press)
Boston, Feb. 6.—A deputy United States Marshal today arrested Elias Saklad, Isaac Horenstein and Muck Shain, members of a Roxbury draft board on the charge of violating the draft rules in granting deferred classification. Saklad and Shain were released in \$7500 bonds and Horenstein committed to jail in default of \$5000 bail.

SEC. DANIELS REPLIES REGARDING WORK
Secretary Milton B. Clarke of the Central Labor Union has taken up with Secretary Daniels the matter of sending more work here to the navy yard. The secretary has formulated the following reply:
February 4, 1919.
My Dear Mr. Clarke:
I beg to acknowledge receipt of your letter of January 30th in regard to having more ships assigned to the Portsmouth yard, and appreciate your writing me. We are endeavoring to keep all the yards busy, and I assure you we are sending all ships to Portsmouth we can. My record in the past is the best guarantee of the future. With every good wish, I am Sincerely yours,
JOSEPHUS DANIELS.

The Money Came Too Late
A lady whom we would have liked so much to have had for a customer, came to us a few days ago from one of our neighboring towns and asked to see a Mahogany four poster bed, the salesman showed her that beautiful old New England masterpiece similar to the one you see here, and formerly sold by us for \$325, but during our February discount sale for \$275.00.
It is an unwritten law at The Quality Store, you know, not to urge people to buy, so when the lady said, "I can't decide now but will have it to go home and let you know later," what could we do but let her go? Five days later came the order by mail, with check accompanying it, but there wasn't a single one of those beds left and hadn't been for three whole days, for others had snapped them up as if they had been gold dollars being sold for fifty cents.
Of course we simply had to return the lady's check, something we don't like to do, not on account of the money consideration, which was small, but if there is anything we do hate to do in this big store it is to disappoint a customer.
Now, there are still hundreds of wonderful pieces of unusual furniture, the kind you would be proud to have in your home, yet to be sold before our stock is sufficiently reduced to make room for our Spring furniture. Our sale still continues and we want you to take advantage of the large discounts.

MOOSE OPEN BIG CARNIVAL

Large Crowd and Many Attractions For Their Opening Night At their Own Hall

The Moose opened their annual carnival on Thursday evening in their hall in Pierce block, and it was in every way a great success. There was a big crowd, plenty of attractions and something doing about every minute, so that the crowd were thoroughly satisfied.
The carnival is held in the Moose hall and every available inch is used. The main hall for the many booths, and the entertainment, and the anti-room for other attractions.
The main hall was very handsomely decorated, in fact elaborately so. A color scheme of pink and white was used to a very pretty effect, the ceiling being hidden by the streamers of bunting of these colors with a lattice work through the center giving the effect of a rose arbor. The booths which were arranged about the hall were very well arranged and their decorations were simple, but very effective a drapery of white set off with pink and white roses.
The booths were all on the wheel basis, and there were a variety of goods offered from the time honored teddy bears to aluminum ware, candy, and groceries. All were doing a rushing business and they were under the care of hunting members.
During the evening Mrs. Mudgett's orchestra furnished the music and the entertainment was given by Louella and Taylor in a novelty dance, which was very good, and Jack Liberty in a buck and wing dance.
The fair is to continue for three nights and there is a change of the entertainment program for each evening.
The general committee were W. P. Huber, chairman, A. W. Cate, secretary and treasurer, D. H. Provance, General Manager, C. B. Holt, auditor and decorator and Philip Hupha floor manager.
Not only was the crowd satisfied but the decorations were the cause of countless comments of delight and the committee should feel well repaid for their efforts in this direction.
The goods sold at the booths were of the very highest grade of standard products, nationally advertised and known, and the prices asked were well made of conservative.
The entertainment for this evening has been especially arranged for the always large second night patrons.
Professor Canino, who gave such a successful performance at the Warwick club Thursday evening will be seen in a much more elaborate entertainment of mystery.
Prof. Canino, it may be remarked, has opened twenty-four safes recently and that with only his hands to aid him. Beside the strait jacket, Chinese torture board, manacles, handcuffs and rope escapes the committee say that Prof. Canino will introduce a new and entirely new departure in mysteries and one that was originated by him.
On Saturday the Carnival will be turned over to the children and the youngsters will be given a free rein to enjoy themselves in the fairland at Moose Hall. The committee say that children accompanied by parents or guardian will be admitted free.
That the public thoroughly enjoy these annual carnivals was demonstrated by the eager interest of the crowds.
Moose Hall was packed to the doors at 7.30 and remained in that condition until the "lights out" order was given at a late hour.
There's many how novelties in store for the crowd this evening, care having been taken by the committee to provide an entirely new program for each evening of the carnival.
The booths were in charge of, Pillsbury, G. A. Cate, M. L. Schwartz, Miss A. M. Williams and Miss G. M. Ward. Aluminum ware: Frank Daley, Philip Hupha, Mrs. William Stevens and Mrs. Pierce.
Groceries, H. M. Fowler, S. A. Boston Mrs. Agnes de Philipo and Miss Violet Hersey.
Punch Board, P. C. Carl, H. H. Burton.
Cane rack, E. E. Kennedy and Miss Lillian Rowell.
Variety wheel, Ralph H. Ross.
Gigans, W. H. Stevens.
Dolls and Teddy Bears, E. J. Hutchins, Miss Alice Grant and Miss Mary Howe.
Candy, Edward Gorman, G. H. Storey, Miss Lillian Haddock and Miss Irene Hoyt.
Dolan, K. of C. Secretary John D. Long of Camp Devens and past officers were called upon.
Songs by James Mullen, Peter Fillion and James Bova added to the program, Eddie Lamundo presiding at the piano.
The evening was filled with pleasant associations and enjoyed to the utmost by those in attendance.

LADIES' CIRCLE HAS MEETING AND SUPPER
The Ladies' Social Circle of the Universalist parish held its monthly business meeting Thursday afternoon in the vestry, followed by a supper at six o'clock.
At the business session the president, Mrs. George Malsted, presided. It was voted to have a rummage sale next Friday and it was decided to have an Easter sale, the date to be decided later. Plans were discussed for the parish reception which will take place Thursday evening, Feb. 27.
The supper menu included baked beans, brown bread, rolls, pickles, assorted cake, tea and coffee. Mrs. Storey that was in general charge of the supper assisted by an able committee.

K. OF C. HOLD BANQUET FOR CANDIDATES
Portsmouth Council, No. 110 Knights of Columbus tendered a banquet Thursday evening at the K. of C. Home on Kingston street to the less class of third degree candidates. Andrew Jarvis catered and served a fine repast covers being laid for over a hundred guests. Grand Knight Frank J. Donnelly acted as toastmaster.
The principal speakers were Rev. E. B. Henry, chaplain, U. S. N. H. P.; District Deputy P. Clyde Keefe of Dover, Past State Deputy John C.

HOUSE NAVAL COMM. TURNS DOWN BRIDGE

Hon. Homer Mitchell returned from Washington on Thursday after having had a conference with members of the Naval committee with L. H. Shattuck of the N. H. Bridge Commission. The House Naval Committee voted not to include an item for the proposed bridge between Portsmouth and Kittery. It is now proposed to get the item in the Senate. Mr. Mitchell said the secretary had made the strongest kind of argument in favor of the bridge. No stone should be left unturned to get an item in this year's bill and it is up to the entire state to aid in this movement.
